Use of our community centre/seat of learning STŘECHA is either for various personal, firm meetings, actions, training or workshops.

There are two halls. A conference room, a computer and a language classroom at your disposal.

Every space is recently reconstructed and guarantees a pleasant and calm place for your activities.

If required, you can borrow data projectors, notebooks, flipcharts and laser pointer.

You have a chance to use a fully equipped kitchen too.

In case of necessity to solve technical difficulties a qualified person will be very pleased to help you.
